

# Payment and Billing Updates

Minute Man Arc is thrilled to offer a program called **Extra Steps Pediatric Therapies**. We are a private outpatient clinic providing OT, SLP and PT services to children ages 3-22 and are a program of Minute Man Arc for Human Services.

**Program Highlights:** Launched in 2019, Extra Steps is a comprehensive therapeutic program providing individualized supports to aid the development of children with special needs and/or developmental delays. We support the needs of the community in our new, well-equipped facility in Acton, MA.

**Fees:** Extra Steps operates on a private pay or super bill model.

*Private Pay option:* One flat rate fee for a 50-minute treatment plus 10-minute feedback session, and one flat rate fee for the evaluation, regardless of discipline. Save your receipts as you may be able to deduct from your Federal taxes based on your family's circumstances.

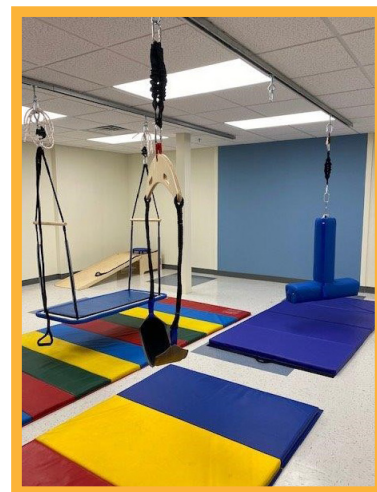

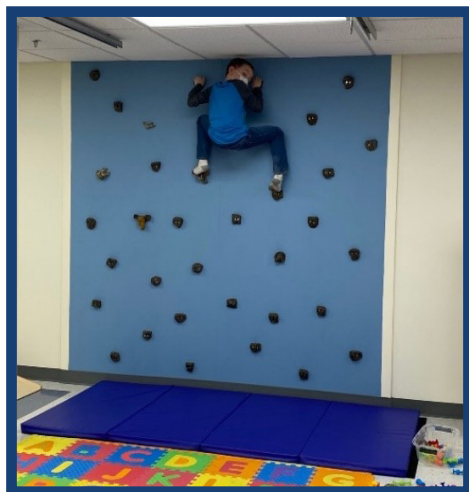

*Super Bill option:* If your insurance has out of network benefits (usually including a PPO plan), the same rates apply and you submit to your insurance company which will reimburse a portion of the fee based on your out of network policy plan or PPO plan.

## Private Pay Discounts and Packages (discounts cannot be combined)

**12 Session Prepay Discount:** Purchase a 12-session package to receive 15% off the \$160 per session private pay rate (12 sessions for \$1,632, a total savings of \$288 per 12 sessions)

*Multiple Therapies Discount:* If your child receives 2 or more therapies at the same time, you will receive a discount of 20% per session or \$128 per session.

*Sibling Discount:* If you have siblings attending therapy at the same time, you will receive a 15% discount per session or \$136 per session.
